VOICE OF RESIDENTS -TEV

	<p><i>It was the great opportunity to have the children with us for one day (35th year of completion of HI).</i></p>
	<p>We felt that those children are our own grand children.</p>

Even our own grandchildren are not allowed to share with us but, we experienced love and affection of the children who spent time with us.

We feel that their one day stay with us is the whole life experience.
